STATUTORY AUTHORITY

The Michigan Justice Training programs are regulated by state law, administrative rule, and executive order.

Public Act 301 of 1982, created the Michigan Justice Training Fund. This revenue is generated through fine assessments which are levied and collected by the courts and submitted to the Michigan Department of Treasury for deposit in the Justice System Fund. A percentage of Justice System Fund revenue is then transferred to the Michigan Justice Training Fund on a monthly basis. Both the Justice System Fund and the Justice Training Fund are interest-bearing accounts. Interest is posted to each account quarterly.

The Michigan Justice Training Fund is a *restricted fund*. These funds may be used only for the criminal justice in-service (active duty) training of eligible trainees or such purposes as designated by legislative mandate.

Public Act 302 of 1982 created the Michigan Justice Training Commission (MJTC) and set forth the responsibilities of that Commission. Section 3(a) of the Act directs the Commission to annually distribute 60% of the Justice Training Fund to eligible entities under the law enforcement distribution, and in Section 3(b), the Commission is required to annually distribute, through a competitive grant process, the balance of the fund after administrative costs have been deducted. These two funding programs are referred to as the Law Enforcement Distribution (LED) and the Competitive Grant Program, respectively. This document addresses the Competitive Grant Program.

The **administrative rules** that prescribe the procedures by which the Commission shall distribute money from the fund were developed under the authority conferred on the Commission by section 3 of 1982 PA 302, by section 9 of 1965 PA 380, and by Executive Reorganization Order 2001-2, MCL 18.423, 16.109, and 28.621.

With **Executive Order 2001-5**, Governor John Engler ordered the merger of the Michigan Justice Training Commission with the Commission on Law Enforcement Standards (COLES) to form the new Michigan Commission on Law Enforcement Standards (MCOLES) and transferred the responsibilities of P.A. 302 to the MCOLES. Executive Order 2001-5 also directed the Commission to focus its activities in order to accomplish the following objectives involving law enforcement organizations and officers:

- increase professionalism,
- increase the number of law enforcement organizations that offer formal in-service training and increase the number of law enforcement officers who receive formal in-service training,
- institute law enforcement in-service training standards applicable to all law enforcement in-service training in Michigan,
- implement a Web-based information system that will allow the Commission to accomplish its goals and communicate with Michigan law enforcement organizations in a more efficient manner, and
- ensure grants awarded by the Commission to Michigan law enforcement organizations advance these objectives.

In compliance with this executive directive, the Commission implemented policy to give **priority grant funding to training consortia**, through which the greatest number of individuals can be trained in the most cost-effective manner.

PURPOSE

The purpose of the competitive grant program is to annually distribute justice training funds to eligible applicants to provide in-service criminal justice training to employees of those agencies.

Criminal justice training, in this context, is training that is designed and intended to enhance the direct delivery of criminal justice services, by employees of eligible applicants, **which is not required minimum basic training or initial training**, and which is any of the following:

- criminal justice educational program presented by the eligible applicant or by a contractual training provider hired by the agency,
- criminal justice course or package of instruction provided to an eligible trainee for the payment of a fee or tuition, or
- self-education presented through the use of audio-visual materials (e-learning).

Justice training competitive grant funds shall be used to **supplement** existing state and local funds for program activities and shall not replace those funds that have been appropriated for the same purposes.

ELIGIBILITY

Eligible Applicants - Applications for grant funds will be accepted from state or local agencies, which include: a) an agency or department, division, bureau, board, commission, council, or authority of the state or of a city, village, township, or county; b) a state supported college or university; c) a community college; d) a training consortium consisting of eligible agencies; or e) any agency or entity of the judicial branch of government. Professional associations are **not** eligible applicants.

Additional requirements apply to **consortia applications**:

- A **formally** established consortium of eligible agencies, with a single eligible agency acting as the applicant, may apply directly for grant funds.
- An **informally** established consortium, made up of a geographic cluster of eligible agencies, may submit individual agency applications for grant funds if the group has agreed to act as a consortium for the purpose of in-service criminal justice training. Each application shall identify the consortium as the implementing agency, and shall be prioritized by the membership together with all applications submitted by the consortium members.
- All consortia applications must be accompanied by a **Certification of Consortium Membership Requirements** (Appendix A) that clearly and concisely describes the:
 - consortium structure,
 - geographic region served by the consortium,
 - member agencies and,
 - financial commitment of member agencies.

Applicant agencies that anticipate entering into a contract with an individual or firm to develop or conduct in-service training should be aware that the Commission will not respond to questions, issues, or concerns about a grant application unless the inquiry is made directly by the grant applicant. The grant applicant, as opposed to consultants, product vendors, or other individuals who are not employed by the eligible entity, is responsible for all communication with the Commission regarding the grant application and for addressing Commission inquiries.

Eligible Trainees - To qualify for grant funding, trainees may be sworn or civilian personnel and shall be employees of an eligible agency.

Chapter 2: Funding Priorities

Chapter Highlights:

- Funding Objectives
 - Objectives
 - In-State Preference
 - Matching Funds
- Funding Restrictions

FUNDING OBJECTIVES

Objectives - A basic mandate of P.A. 302 requires the Commission to consider the quality and cost effectiveness of training programs and the criminal justice needs of the state of Michigan when distributing justice training funds through the Competitive Grant process. The Commission has adopted a set of funding objectives to ensure compliance with this mandate and to serve as the foundation for the application review and grant award process. All grant applications will be reviewed based upon these objectives and the policies of the Commission.

The Commission shall:

- consider grant applications for in-service training from eligible entities as identified in P.A. 302 when LED funding is not reasonably available;
- ensure that grant awards are based on demonstrated training need;
- ensure that grant awards are based on a sound curriculum plan with established quality measures and;
- ensure that these relevant factors are considered in the grant award process:
 - the opportunity for cross-professional training among eligible entities
 - the needs of all organizational levels
 - the needs of all constituent groups
 - the development of innovative programs
 - training needs by geographic region
 - equitable distribution of available funds

In-State Priority - A second mandate of P.A. 302 pertains to the use of Michigan Justice Training Funds to procure out-of-state training. It is intended that justice training funds be expended primarily within the state of Michigan to purchase services and materials from Michigan vendors, whenever possible. Therefore, the Commission will not fund any out-of-state training program unless the training complies with **all** of the following:

- meets the definition of “Criminal Justice Education Program”;
- is needed to obtain or maintain certification of a specialty that meets the definition of “Direct Delivery of Criminal Justice Services”;
- the training is not available in Michigan;
- the training cannot be brought to Michigan; and
- the training is registered, and attendance is reported, in the MCOLES Information Tracking Network (MITN) database system.

It is the applicant agency’s responsibility to make every reasonable effort to locate a Michigan based provider prior to application for grant funding of an out-of-state vendor. At a minimum, the applicant shall contact a statewide provider (e.g. the Michigan State Police, the Michigan Municipal League or Michigan State University), local or regional providers (e.g. community colleges), and the MCOLES Schedule of Training Courses.

If the required in-service training is not available in Michigan, the applicant must include an explanation of the contacts made and provide a detailed written justification for selection of the out-of-state vendor or training program in the grant application. The out-of-state training program must be substantially different than the program provided by a Michigan vendor to be considered for grant funding.

The MCOLES Schedule of Training Courses contains scheduling and course information on criminal justice in-service training programs offered by Michigan based providers and can be found on the MCOLES Web site at www.michigan.gov/mcoles.

Cost Sharing – On April 21, 2010, the MCOLES adopted Commission Resolution 2010-03 (Attachment H) to provide policy direction for the competitive grant program in light of declining revenues. The Commission resolved to restructure the existing competitive grant process by implementing eleven specific objectives. One of these objectives requires a 75%/25% cost sharing, or match, for **all** grant applications. The Commission shall fund a maximum of 75% of the **total** program cost of approved applications. The applicant agency shall contribute a minimum of 25% of the **total** cost as cash (hard) match or in-kind (soft) match. Refer to Part 3, Chapter 4 for more details regarding grantee match.

FUNDING RESTRICTIONS

The Commission shall **not** award competitive grant funds for any of the following:

- criminal justice training in another country;
- purchase of alcoholic beverages;
- travel costs to participate in criminal justice training, unless the criminal justice training program is for the sole purpose of training, or offers not less than 6 hours of qualifying training within any 24-hour period;
- **trainee** travel for law enforcement and local corrections grants where LED or Booking Fee funds are available for these expenses;
- publication of a newsletter;
- purchase of firearms training systems that simulate deadly force decision-making circumstances;
- construction of a firearms range;
- purchase of firearms;
- purchase of emergency vehicle operation (EVO) simulators;
- funding requests that are 100% equipment acquisitions;
- printing and mailing of training materials;
- duplication of compensation to instructors or staff;
- consultant fees for travel time;
- a consultant to act as an on-site coordinator
- refreshments or;
- overhead or operating costs as a percentage of the total grant request;
- office supplies;
- cleaning supplies;
- tips and tax on meals.

Chapter 3: Annual Priorities

Chapter Highlights:

- Commission Priorities
 - Priority Program Areas
 - Priority Program Applicants
 - Other Priorities

COMMISSION PRIORITIES

In addition to the funding objectives mandated by statute, the Commission also sets funding priorities. These priorities are established in compliance with the objectives and are intended to give further direction to applicant agencies.

Priority Program Areas - To ensure that grant awards are based on demonstrated training need, the Commission surveys the criminal justice community and identifies specific priority program areas for funding during the following calendar year. The program areas identified for this funding cycle are listed below.

Adjudication <ul style="list-style-type: none">• Court Support Personnel Training• Immediate Supervisors of Court Support Personnel Training	Corrections <ul style="list-style-type: none">• Scientific Content Analysis (SCAN)• Tactical Tracking (Basic and Advanced)
Criminal Defense <ul style="list-style-type: none">• Defender Books – Update/Revision• Web-Based Legal Research, Writing & Presentations• Appellate Skills Training• Trial Skills Training• Training for Trainers• Legal Updates	Law Enforcement <ul style="list-style-type: none">• Firearms (including Active Duty Firearms Standard)• Emergency Vehicle Operations• Legal Update• Subject Control• Instructor Training (including platform skills based on adult learning)• Evidence Collection/Crime Scene Processing• First Line Supervision
Prosecution <ul style="list-style-type: none">• Trial & Appellate Advocacy Training• Legal Updates• Prosecution Support Staff & Victim Rights Training• Child Support Enforcement	

Priority Applicants - To encourage the most cost-effective use of Justice Training grant funds, the Commission will give priority to applications submitted by:

- a training consortium,
- law enforcement agencies employing 100 or more MCOLES licensed law enforcement officers,
- an individual eligible agency serving as the training provider for its own employees **and** the employees of other eligible agencies within a specified geographic area, and
- statewide training providers for specialized training endeavors that meet an identified statewide need.

Other Priorities – Given the limited amount of Justice Training funds available for the competitive grant program, the Commission will also give priority to new and innovative proposals. However, consideration will be given to previously funded, ongoing programs if sufficient justification is provided by the applicant.

TOPIC CONSIDERATIONS

Training Series - A separate grant application is required for each topic area, unless the application is to provide for a series of related training programs (e.g. law enforcement series). Complex or multi-part grant applications with dissimilar training topics or audiences must be broken into individual grant applications for each training topic or area.

Legal Update - Law Enforcement agencies or consortia proposing legal update training must first determine if such training is available through their local prosecuting attorney's office. If the local prosecutor's office cannot provide this training, the agency or consortium may request grant funding. An explanation of the contact with, and response from, the local prosecuting attorney's office must be included in the grant application.

Computer Based Training - Applications for computer based training, as defined in Appendix A, must meet the following requirements to be considered for funding:

- An instructor or course developer must be identified and available for contact by participants with questions or follow-up on the material.
- A copy of any CD-ROMs used in training courses shall be submitted to MCOLES. For blended learning or Internet-hosted courses, access to the platform or Internet connection must be provided to MCOLES staff.
- A copy of the test security protocol (e.g., circulation and/or accessibility of the test, proctored testing, etc.) shall be submitted on training courses that involve high risk, high liability activities, and/or officer certification in a particular law enforcement area.
- An evaluation instrument shall be developed and utilized to measure the participant's mastery of the topic. The participant must attain competency to receive credit for the course.
- The computer navigation required to participate in the computer based training program should not require advanced knowledge of computer operations, unless the program is specifically for advanced users or part of cumulative training;
- The minimum computer system requirements should allow the program to run on the basic level of current technologies, unless the training is specifically targeted to applications requiring advanced hardware/software; and
- Any applications or plug-ins required to run the computer based training course (e.g. Adobe Reader, Macromedia Flash, activeX controllers, etc.) shall be provided or made readily available for download.

Active Duty Firearms Standard - Grant applications that include the MCOLES Active Duty Firearms Standard shall encompass, and provide specific details relative to, the following:

- Both components of the standard (educational and skill).
 - The educational component must contain all seven training objectives listed in the standard.
 - The firearms skill assessment must be the MCOLES published course of fire.
- How the agency intends to comply with both components of the standard, including:
 - An assessment of the knowledge piece to determine minimum competency.

- Remedial training protocol for those who fail to demonstrate desired competency in the educational component (e.g., decision-making, legal justification, tactics, etc.).
 - Remedial training protocol for those who fail to demonstrate desired competency on the course of fire.
- The identification and description of an appropriate firearms range that can safely contain all rounds fired.

Chapter 2: Conditions of Award and Acceptance

Chapter 3: Standards for Financial Management

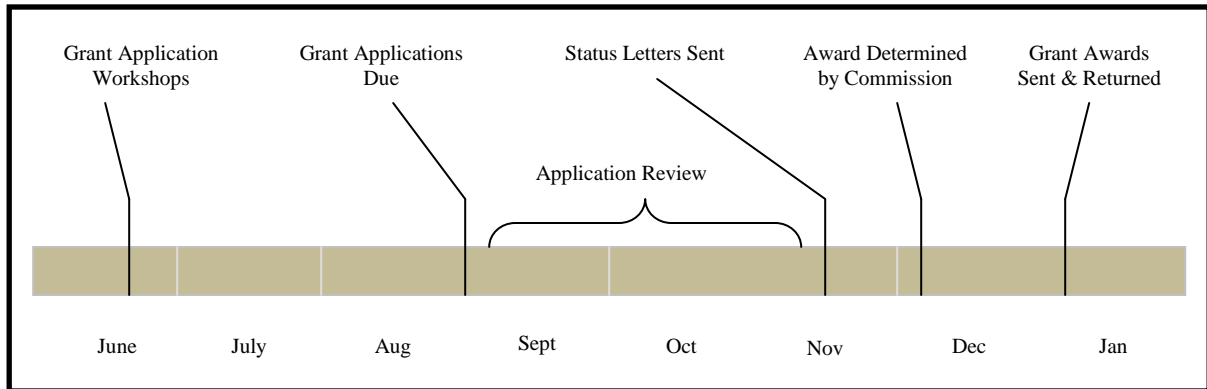

Chapter 1: Application Process

Chapter Highlights:

- Timeline
- Application Workshops
- Application Preparation
- Submission
- Application Review

TIMELINE

The competitive grant award cycle begins in the spring and concludes the following January with the award of grant contracts. The annual calendar of events is posted on the MCOLES Web site (www.michigan.gov/mcoles) well in advance of each milestone.

APPLICATION WORKSHOPS

The application workshop is the first step in the competitive grant award cycle. **Attendance is required** for all prospective grant writers and at least one financial representative from each eligible agency submitting a competitive grant application.

Grant application forms will be distributed via email **after** the workshops to the attendees and will **not** be available on the MCOLES Web site. If additional copies are required, applicants who have attended a workshop should contact the Grants Manager, Gina Rosendall-Saucedo.

APPLICATION PREPARATION

Carefully review the instructions for completion of each section of the application. **Only complete applications that comply with all the requirements will be considered. As new application forms are generated each year, only forms with 2014 revision dates will be accepted.**

Section 1 – Identification

The first section of the grant application captures basic identifying information about the applicant agency and the proposal. The **Applicant Agency** must be an eligible recipient agency, with the authority to enter into an agreement with, and receive funds from, the state of Michigan. If the application is submitted on behalf of a consortium, provide the official name of the **Training Consortium**. In all cases, the **Federal ID Number** must be the number issued to the Applicant Agency.

Provide a clear, concise **title** for your project **limited to 45 characters** in length. The project (award) period is one **calendar year** in duration and will be predefined on the application form. Enter the amount of **grant funds requested** (a maximum of 75% of the total project cost).

The person authorized to enter into agreements on behalf of the applicant agency shall sign as the **authorized official**. The individual who is responsible for implementing the project shall sign as the **project administrator**, and the person assigned to supervise financial matters related to the grant award shall sign as the **financial officer**. Check boxes have been added to the Identification page to verify the signatories have read the New Guidelines & Instructions and agree to the submission of the grant application and agree to the grant award requirements should the application be approved. **No one person may serve more than one role.** These signatories must be three separate individuals.

Section 2 – Project Narrative

The Project Narrative is divided into four (4) components and is the heart of the application. It is here that the applicant clearly describes the Problem Identification, Training Objectives, Training Methods, and Evaluation Plan for the proposed training.

2-A Problem Identification

Write a clear, concrete statement that describes the issue, concern, or problem to which the proposed training will be directed. Identifying a problem involves providing a solid rationale for the training, in other words, it should answer the question “Why is this training important to the criminal justice community?”

Clearly explain:

- what the problem is,
- why the problem is relevant to your geographic region or is important to your agencies,
- how the training will mitigate the identified problem,
- why this training proposal is worthwhile and,
- how the training fits into the definition of “direct delivery of criminal justice services.”

It is suggested that you use the Commission’s prioritized training list as a starting point and a guide as you formulate the problem statement. Consult with your constituent agencies about the types of training they need, ask them to provide a rationale for that need and request letters of support. Be sure to identify the problem in precise terms. Articulate the importance of an issue by connecting it to proposed training outcomes.

2-B Training Objectives

Provide a detailed description of the subject matter, the course syllabus (outline), and the number of hours each topic requires. Identify major training objectives and include several sub-objectives that describe how the participant is expected to achieve the major objective. Indicate what the participants are expected to know and do as a result of the training. Use a structured format that has a logical flow. Do not confuse course objectives with the procedures used to identify a problem in Section 2-A (Problem Identification) and be sure to specify more than one or two major objectives in the application.

Preferably, write the training objectives in terms of behavioral outcomes and work from the following implied stem: *At the completion of training, the participant will be able to....* Use action words such as “demonstrates the ability to..”, “describes”, “considers”, “explains”, or

“evaluates”, rather than “knows”, “lists”, or “understands.” Training should produce performance outcomes, rather than repetitive memorization or recall. True competency is achieved when both knowledge and the ability to perform come together. When writing training objectives, the author should think in terms of “knowing”, rather than “knowledge”. The format of the training objectives should effectively bridge training content with quality decision-making and contextual problem solving. For example, when writing objectives for emergency vehicle operations, be sure to include a decision-making component. Do not rely exclusively on mechanical skills development. Each objective should be measurable, observable, and be written as an action statement. Connect the proposed training program to the Commission’s prioritized training list.

2-C Training Methods

Identify program developers and instructors and list their qualifications. Explain how their time will be allocated and how the training will be delivered in the classroom (lecture, group activities, case studies, discussion, hands-on application, etc.).

Specifically identify providers who are not based in Michigan and justify the selection of the out-of-state training program or vendor. The **out-of-state vendor** program must be substantially different than a Michigan vendor to be considered for funding. Priority will be given to in-state training vendors.

Outline the methods of training, hours of training, and identify classroom texts that are required. Additionally, identify where the training will occur and any facility requirements. Describe the training materials to be developed or provided. Indicate where and how the materials will be made available to other criminal justice practitioners.

MCOLES believes that **adult learning** should be an essential component of any teaching methodology. Learning must include higher order thinking and adult learners prefer context and relevance (what’s in it for me?). Moreover, the training must be useful to the participants when they return to their job. Once they leave the classroom they will be required to make decisions and perform effectively on the job. The reviewers will give preference to training that incorporates these methodologies where appropriate.

2-D Evaluation

There are three separate evaluations required of each grant funded project: 1) participant feedback, 2) acquisition of knowledge and, 3) program assessment.

- Participant Feedback. Obtain the **participants’ reactions** to the training and then organize and assess the results. Ask the participants to rate the training and the instructors. Then, improvements can be made to the content and delivery based on their input, if necessary. For example, provide the participants with a written survey or questionnaire and have them rate the training and the instructors on a scale of 1-5. Be aware that if the training content is delivered in an interactive manner, where participant exercises are required, the participant feedback may not always be positive. Participants often prefer passive learning. A **summation of participant responses** will be required as part of the regularly scheduled progress reports.

Acquisition of Knowledge: The participants must also be evaluated on their **acquisition of knowledge** through written examinations, quizzes, or performance exercises. Knowledge acquisition is a fundamental component of any training and identifying the extent to which

the participants acquired basic knowledge and skills can be useful to administrators and instructors when designing future programs. The most common type of examination is the multiple choice test, although administrators have the flexibility to design other types of instruments. The responses to test questions must produce measures that can be validly interpreted.

If the grant request is for a **computer-based training** application (e-learning, e.g.) the applicant must provide a way to measure participant competency. Describe the methods or tools that will be used to objectively measure training outcomes.

- Program Assessment. The third evaluation is a statistical assessment of how well the goals of the approved application have been met. Be prepared to capture and report data related to the number of sessions and participants as outlined in the Program Evaluation requirements.
- Although not required, MCOLES encourages grant administrators to design ways to determine to what extent the training has made a real difference in the behavior of the participant once they are back on the job. For example, use follow-up questionnaires or initiate contacts with participant agencies, supervisors, or the participants themselves to help determine if the training has made a positive impact. Another way is to use reality based scenarios during the training session. Demonstrated ability in the classroom can influence behavior once back on the job. Such exercises can be used as training tools *and* assessment tools. The instructors can gauge the progress of the participants as the training experience unfolds as well as measure outcomes at the end of the session. Performance requires the participants to demonstrate their knowledge and should be used whenever practical.

Section 3 – Course Detail

The **Course Detail** is a synopsis of each course/topic. If your application addresses multiple courses, please copy and insert this page into your application as many times as needed to include one for each course.

Enter the course title, the location where the training will be offered, the maximum and minimum number of participants per session, hours of training per session and the number of sessions to be offered during the grant year. The minimum operational number for all courses shall be no less than 2/3 of the stated maximum number of participants. If enrollment falls below the minimum number, the course shall be rescheduled. If enrollment repeatedly falls below the minimum number, the Commission will consider a Grant Adjustment Request, prior to the rescheduled course, to reduce the minimum operational number.

Section 4 – Cost Justification

The cost justification section is the bridge between the project narrative and the budget detail. This section is your opportunity to explain your proposed expenditures and why your program requires the costs listed on the Budget Detail portion of the grant application. Describe the proposed expenditures for **each course offering or topic separately** and detail the expenditures in a narrative approach. This portion will be utilized during the financial review of the application.

Give a clear description of both the **matching share and grant share**. Identify the source of cash match and describe in-kind contributions in sufficient detail to support the calculations

shown in the budget detail. If a student fee is charged, specify the amount per student as a Match Share within a category.

Include costs that have been essential for the program in the past. Be sure to include expenditures which the applicant has provided in past years due to reductions in funds.

Please do not create a separate file. Justifications will only be allowed within the Narrative portion of the grant application.

Section 5 – Applicant Priorities

The Commission shall ensure, where reductions or denials of grant requests are necessary due to a lack of available funding, that the applicant's list of priorities for funding and reductions shall be followed to the highest degree possible. Therefore, it is critical that each applicant provide a prioritized list, in descending order (highest to lowest) of their funding request(s) in a method that best depicts their needs. The Commission's yearly priorities take precedence over a grantee's priorities.

These options are **required** forms of prioritizations:

- If an agency submits more than one topic or application for funding, prioritize all of the topics/applications. Reductions will be made through **elimination of full courses or applications**.
- Single topic applications are allowed to list priorities by sessions or through category reductions.

Individual agency applications, submitted by members of a **formal** consortium, shall be prioritized by the entire membership together with all applications submitted by the consortium members. If it is necessary to make reductions, full applications will be reduced.

BUDGET DETAIL

The budget detail section of the grant application is a separate Excel workbook and consists of NINE categories (tabs): Personnel, Contractual Services, Tuition, Travel-Employee, Travel-Contractor and Travel-Student, Supplies and Operating, and Equipment. Begin by developing the total project budget including all costs from all sources of funding. Then split the costs into the separate shares – grant and match. Note: The grant/match percentage is not calculated at the line item or category level. The grant funded portion cannot exceed 75% of the **total grant budget** and the matching contribution must be at least 25% of the total.

Do not round budget amounts. Enter dollars and cents in all cases. The budget worksheets do have formulas for calculating totals, but be sure to double check your entries. If mathematical errors are found during the budget review, the line item will be removed.

Commission policy clearly defines allowable costs and also imposes restrictions that apply to each of the budget categories. **Carefully review Part 3, Chapter 6: Allowable Costs, prior to the development of your budget, to ensure requested grant share costs are acceptable.**

Personnel

Personnel costs include the salaries/wages and fringe benefits paid to **employees of the applicant agency** for development, preparation, instruction, or administration related to the direct delivery of the training program(s). Be careful to differentiate between employees and contractors. If the individual is employed by the applicant agency and is compensated through their normal payroll system, identify them under Personnel. Employees shall be compensated at their normal salary rate. Overtime rates are not allowed.

- **Salaries and Fringe Benefits**

Salary - Create one row for each employee. Enter their name and the assignment they will perform within the project. Enter their actual hourly salary rate and the number of hours devoted to each applicable task. The total will equal the sum of the hours times the hourly rate. Do not group together similar positions with equal pay. Each position must be listed independently.

Fringe Benefits - Provide a multiplier of fringe benefits for each position. The fringe benefit total auto calculates in each line item.

- **Administrative Costs**

Administrative costs may fall under Personnel or Contractual Services, depending on the individual's relationship with the applicant agency. A **reasonable percentage** of the grant funded budget may be charged for salaries and fringes (personnel) or fees (contractual) of the project administrator, persons assigned to provide administrative services, clerical support or, travel costs associated with project administration. Eight percent (8%) of the budget total will be used by the Commission as a guideline for determining reasonable grant-funded administrative costs; however, the Commission encourages the use of matching funds for administrative costs wherever possible.

Contractual Services

Contractual Services is for compensation paid to **contractors** hired by the applicant agency for development, preparation, instruction, or administration related to the direct delivery of the training program(s). Again, be careful to differentiate between employees and contractors. Individual contractors are hired by the applicant agency through a contractual agreement and are not compensated through the applicant agency's normal payroll system.

If a contractual provider/vendor (an organization rather than an individual) is hired to provide project services, a **full disclosure** of their costs must be provided in the Cost Justification section.

Create one row for each contractor. Enter their name and the assignment they will perform within the project. Enter their hourly rate and the number of hours devoted to all applicable tasks.

Tuition

Tuition is a cost charged on a per student basis, e.g., registration fees paid to a training provider, or a fixed price/flat rate charged by a contractor. Create one row for each course. Enter the name of the training provider and course title, number of students and, the tuition cost per student for each course. If a contractor charges a flat, per student fee for delivery of training, enter that fee under Tuition and give a full disclosure of the contractor's costs in the Cost Justification section.

Travel

The Travel category is subdivided into three sections; one each for personnel, contractual and student travel. Enter the travel costs for individuals in the appropriate section based on their responsibilities within the grant project. Provide the individual's name in the first column. If individuals cannot be identified by name at the writing of the grant application, provide an accurate description by title or function. Describe the type of travel cost (lodging, meals, etc.) and show the calculation for determining the total cost. For example: 2 nights of lodging at \$75 per night.

Commission policy clearly defines allowable costs and also imposes restrictions that apply specifically to travel. ***Carefully review Part 3, Chapter 6: Allowable Costs to ensure requested travel costs are acceptable.***

Supplies and Operating

Supplies and Operating costs are for non-equipment items required for the **direct delivery** of the training program, such as evidence collection kits, ammunition or facility rental. Each cost must be itemized. A generic entry for 'miscellaneous' supplies or indirect costs as a percentage of the budget total will not be accepted. Give a clear description of the item or expense, the quantity to be purchased, and the unit price. **Student meals shall be listed under the Travel category.**

Equipment

Equipment items are durable products used for the direct delivery of in-service criminal justice training that are non-expendable, intended for repeated use (such as DVD players, projectors, defensive tactics protective gear, or computer hardware), and have long-term durability with a normal useful life of more than one year. Give a clear description of the equipment item, the quantity to be purchased, and the unit price.

APPLICATION REVIEW

Each application for justice training grant funds will undergo multiple reviews. The Commission staff will first conduct a preliminary review to ensure the:

- application is complete,
- application was received by the established application deadline,
- proposed training falls within the applicable criminal justice discipline on the Commission's Prioritized Training List and,
- application complies with Commission policies.

A detailed review of the application will then be conducted by the staff, which includes an analysis of the proposed training, the need for the proposed training, the accuracy and reasonableness of the budget, the relative merits of the proposal, and compliance with the program requirements.

Written notification detailing the status of each request will be sent to grant applicants in November. Questions and concerns that arise from the staff review should be directed to the Grants Manager prior to the Commission's December meeting. Any supplemental information will be forwarded to the full Commission for their consideration.

The second review will be done by the full Commission and final action will be taken at the December meeting. Award documents will be emailed to grantee as soon as possible following the December meeting.

SPECIAL CONDITIONS

The Commission and the grantee understand and agree that the grant award is subject to and incorporates any special conditions, which may be unique to the grant and are included in the award documents.

AWARD NOTIFICATION AND ACCEPTANCE PROCEDURES

One original copy of the award documents will be sent to the Project Administrator. To accept the award, the grantee's Authorized Official, Project Administrator, and Financial Officer shall sign the ***original signature page*** and return it to the Commission. A copy of the signed document shall be retained by the grantee.

The grantee may incur approved costs, at their own risk, prior to acceptance of the award on or after the award start date of January 1.

Chapter 3: Standards for Financial Management

Chapter Highlights:

- Accounting System
- Total Cost Budgeting and Accounting
- Commingling of Funds
- Recipient Accounting Responsibilities
- Procurement/Purchasing

ACCOUNTING SYSTEM

The grantee is responsible for establishing and maintaining an adequate system of accounting and internal controls. All expenditures from the grant award shall be made in accordance with standard accounting and purchasing procedures.

Accounting records shall be maintained and must follow generally accepted accounting principles for the expenditure of funds for the purpose identified in the approved grant application. Adequate expenditure documentation, including receipts for actual purchases, must be maintained for at least three (3) years after the expiration of the award period.

The Commission, the Michigan Department of Treasury, and the State Auditor General, or any of their duly authorized representatives, shall have access to any books, documents, papers, and records of the grantee which are related to the contract for purpose of inspection, audit, and examination.

Any expenditure of grant funds that is determined by the State Auditor General or the Commission to be unreasonable or duplicative shall result in the forfeiture of the grant funds.

TOTAL COST BUDGETING AND ACCOUNTING

The grantee shall account for program costs on a "total program cost" basis. Total program costs, including state funds and grantee matching shares and any other fund sources included in the approved project budget or received as program income, shall be the foundation for fiscal administration, accounting, and audit.

COMMINGLING OF FUNDS

The grantee's accounting system must ensure that justice training funds are not commingled with any other funds. All grant revenue and expenditures shall be recorded in a fund or account separate from the grantee's other funds or accounts.

Chapter 1: MITN and MAIN Registration

Chapter Highlights

- MCOLES Information and Tracking Network
- Michigan Administrative Information Network

MITN AND MAIN REQUIREMENTS

MCOLES Information and Tracking Network (MITN)

All grant-funded in-service training shall be registered in the *MCOLES Information and Tracking Network* prior to the delivery of training. The training provider, whether the grantee agency or a contractual provider, must first register in MITN as an in-service training provider and appoint authorized operators. It is the responsibility of the **provider** to register each grant-funded training course and the attendance of MCOLES licensed law enforcement officers into the system.

Instructions for the MITN training provider registration process are available on the MCOLES Web site at www.michigan.gov/mcoles. A complete user guide, with step-by-step instructions for registering a course and reporting attendance, is available on the MITN Web site. Access to the MITN Web site is granted to authorized operators through the provider registration process.

Michigan Administrative Information Network (MAIN)

All recipients of state funds must be registered as a payee in the state's accounting system, the *Michigan Administrative Information Network*. Once registered, the grantee's operator can:

- access or change account information 24 hours a day,
- sign-up to receive state of Michigan payments via Direct Deposit (Electronic Funds Transfer) which is the preferred method of payment and,
- view payment details on Direct Deposit (Electronic Funds Transfer) payments.

All of these features, and a slideshow tutorial, are available on the Department of Technology, Management & Budget, Contract & Payment Express Web site at:

http://www.michigan.gov/budget/0,1607,7-157-13404_37161-179392--,00.html

Chapter 2: Period of Availability of Funds

Chapter Highlights

- Obligation of Funds
- Expenditure of Funds
- Extension Criteria

OBLIGATION OF FUNDS

An obligation occurs when funds are encumbered, such as in a valid purchase order or requisition to cover the cost of purchasing an authorized item on or after the award start date and up to the last day of the award period. Any funds not properly obligated by the grantee within the grant award period will lapse and revert to the Commission. The obligation deadline is the last day of the grant award period unless otherwise approved by the Commission.

EXPENDITURE OF FUNDS

Grant funds, which have been properly obligated by the end of the award period, shall be liquidated (expended) within 20 days of the project end date. Any funds not liquidated at the end of the 20 day period will lapse and revert to the Commission, unless a grant adjustment notice extending the liquidation period has been approved.

EXTENSION CRITERIA

Requests for an extension of a grant contract must be submitted to the Commission a minimum of **30 days prior to the current contract end date (December 31)**. The request for extension must justify the need for the extension and indicate the additional time required.

The maximum extension allowable for any project period is 12 months and requests for retroactive extension of project periods will not be considered.

Extension requests will be considered only if the following criteria are met by the grantee at the time of the request to the Commission:

- **Reports.** Current Financial and Progress reports (as required by the schedule of reports) must be on file with the Commission and all identified financial issues must be satisfactorily resolved.
- **Special Conditions.** All special conditions attached to the award must be satisfied, except for those conditions that must be fulfilled in the remaining period of the award.
- **Extraordinary Circumstances Justification.** A narrative justification must be included in the extension request. Complete details must be provided, including the justification and the extraordinary circumstances that require the proposed extension. Explain the effect of a denial of the request on the project or program.
- **Approval.** The Commission is expected to take action on any proposed extension request within 15 working days after receipt of the request.
- **Extension Avoidance.** To avoid the need to make a request to extend the obligation or expenditure deadline of a grant program, all subcontracts should be made at least 6 months prior to the end of the obligation deadline for the award.

Chapter 3: Payments

Chapter Highlights:

- Cash Advance
- Payment Method
- Withholding of Funds
- Returning Funds

PAYMENT METHOD

Requests for payment are initiated by the grantee through the quarterly expenditure and progress reporting procedure. The *Expenditure Report* serves as the reporting mechanism and the request for reimbursement of allowable expenditures. Payments for allowable expenditures are made on a **reimbursement basis** through the state's accounting system (MAIN).

The grantee understands that if the Commission receives both an *Expenditure Report* and *Progress Report* on or before the due date, the funds will normally be released to the grantee within the next 30 days. This is the general rule and exceptions may occur.

CASH ADVANCE

Grant contracts of \$10,000 or less may receive a maximum of 50% of the total amount in the first release of funds. Grant contracts of more than \$10,000 may receive a maximum of 25% of the total amount in the initial release or advance of funds. Subsequent releases will be made on a **reimbursement basis** for costs reported on the quarterly expenditure reports.

WITHHOLDING OF FUNDS

The Commission may withhold the release of funds if the grantee demonstrates any of the following:

1. Failure to adhere to requirements or special conditions;
2. Failure to submit reliable and timely reports;
3. Failure to attain project goals;
4. Failure to register grant funded training programs delivered to Michigan law enforcement officers in the MITN system **before** the training occurs;
5. Failure to properly report the attendance of Michigan law enforcement officers in the MITN system or;
6. Failure to provide to the Commission, with their quarterly progress report, the identification of all program developers and/or instructors who were not identified in the grant application. Budget adjustments for developers and/or instructors must be requested prior to the change occurring, through the grant award adjustment process.

RETURNING FUNDS

All income generated as a direct result of a grant-funded project (such as student fees) shall be deemed program income and shall be used to further program objectives. If the income collected exceeds the **total project costs**, the excess shall be used to reduce grant-funded costs. This reduction will be reflected on each **Quarterly Fiscal Report**.

Chapter 4: Grantee Match

Chapter Highlights

- Match Requirements
- Types of Match
- Source and Type of Funds
- Timing of Matching Contributions
- Records for Match

MATCH REQUIREMENTS

The grantee is required to contribute **25% of the total project budget**, either as cash or in-kind match. The matching contribution may be used to support project related costs that would not otherwise be allowed as grant funded expenditures as long as they are included in the approved budget.

The grantee may charge a supplemental fee, such as a student fee, to contribute to the matching share. If revenue is collected above and beyond the amount necessary to cover project costs, the grantee agrees that all excess revenue shall be deducted from the total costs charged to grant funds.

TYPES OF MATCH

- **Cash Match** (hard) includes cash spent for project-related costs.
- **In-kind Match** (soft) includes the valuation of in-kind services. For example, time spent by the grantee's staff while they are working on the project may be used to comply with the match requirement.

SOURCE AND TYPE OF FUNDS

Cash match may be applied from the following sources:

1. Funds from state and local units of government, such as LED or local training funds.
2. Program income, such as student fees, provided they are identified and approved as part of the grant application.

TIMING OF MATCHING CONTRIBUTIONS

If the matching share is not reported, the Commission will assume that the grantee did not meet the required match and will initiate collection of a cash match from the grantee.

RECORDS FOR MATCH

The grantee shall maintain records that clearly show the source, the amount, and the timing of all matching contributions. In addition, if a program or project has included its approved budget contributions which exceed the required matching portion, the recipient must maintain records in the same manner as for the grant funds and required matching shares.

Chapter 5: Grant Adjustments

Chapter Highlights

- Grant Adjustment Request
- Notification

GRANT ADJUSTMENT REQUEST

The grantee agrees not to expend funds obtained under this agreement for any purpose other than those specified in the approved grant application and only during the period covered by the grant award, unless **prior** written approval is received from the Commission.

The **Grant Award Adjustment Request** form is used to request Commission approval for programmatic, administrative, or financial changes **associated** with the grant award. Regardless of the purpose for the adjustment, the request must be complete and must include current expenditure data. A thorough explanation of the proposed modification must be provided and a revised Budget Detail submitted via email.

- **Program Adjustments**

An award adjustment is required for any of the following program modifications to:

- alter specific actions made by the Commission,
- change program content and/or hours of course,
- change in the project administrator or financial officer or,
- extend the project period (not to exceed 12 months beyond the original end date).

- **Budget Adjustments**

Budget adjustments are required to transfer funds between categories or to make an adjustment within a budget category that exceeds 10% of the category total or \$500, whichever is less. Explain the rationale for both the increase and decrease in the appropriate budget categories. All budget adjustments shall be made **within** the total approved grant amount. No increase in the total budget shall be allowed. Together with the Grant Adjustment Request, the grantee shall submit a revised electronic Budget Detail, reflecting the proposed changes.

NOTIFICATION

A written response, in the form of a **Grant Award Adjustment**, will be emailed to the grantee following Commission action.

Chapter 6: Allowable Costs

Chapter Highlights

- Compensation for Personal Services
- Travel
- Supplies & Operating
- Equipment

BACKGROUND

Allowable costs are expenses identified in the Act, Administrative Rules, Commission policy, and the Grant Manual that may be included in the approved application and subsequent grant award. In addition, costs must be reasonable, allowable, and necessary to the project. The following paragraphs describe allowable costs and restrictions that apply to each of the budget categories.

Personnel:

Personnel costs include the salaries/wages and fringe benefits paid to **employees of the applicant agency** for development, preparation, instruction, or administration related to the direct delivery of the training program(s). Be careful to differentiate between employees and contractors. If the individual is employed by the applicant agency and is compensated through their normal payroll system, identify them under Personnel. Employees shall be compensated at their normal salary rate. Overtime rates are not allowed.

Supplanting: Individuals who are employed by the applicant agency to do the administration of grants, instruct training programs, perform on-site coordination, and other duties that are **regularly** included in the individual's position description, the salary must be requested under the Match Share expense portion of the application.

Contractual Services:

Contractual Services is for compensation paid to **contractors** hired by the applicant agency for development, preparation, instruction, or administration related to the direct delivery of the training program(s). Again, be careful to differentiate between employees and contractors. Individual contractors are hired by the applicant agency through a contractual agreement and are not compensated through the applicant agency's normal payroll system.

If a contractual provider/vendor (an organization rather than an individual) is hired to provide project services, a **full disclosure** of their costs must be provided in the Cost Justification section. Contractual fees shall not be paid for travel time.

Specify the responsibilities of personnel and contractors and justify their need. Clearly distinguish between expenditures for instructor preparatory time and course development time. Instructors shall be allowed time to prepare for their teaching assignments. Existing training content often needs to be reviewed, updated, and refined each time it is delivered. However, development refers to creating **new** training content only.

Instructors (Personnel or Contractual) shall not be paid for more than:

- three (3) hours of Development for each hour of presentation for **new** programs which the instructor has not previously developed or created, or
- one (1) hour of preparation for every four (4) hours of presentation for **existing** programs

Administrative Costs: Administrative costs may fall under Personnel or Contractual Services, depending on the individual's relationship with the applicant agency. A **reasonable percentage** of the grant funded budget may be charged for salaries and fringes (personnel) or fees (contractual) of the project administrator, persons assigned to provide administrative services, clerical support or, travel costs associated with project administration. Eight percent (8%) of the budget total will be used by the Commission as a guideline for determining reasonable grant-funded administrative

costs; however, the Commission encourages the use of matching funds for administrative costs wherever possible.

Tuition:

Tuition is a cost charged on a per student basis. Create one row for each course. Enter the name of the training provider and course title, number of students and, the tuition cost per student for each course. Include the breakdown of costs in the Cost Justification.

Travel:

The Travel category is subdivided into three sections; one each for employee, contractual and student travel. Enter the travel costs for individuals in the appropriate section based on their responsibilities within the grant project. Provide the program name and the individual's name in the first column. If individuals cannot be identified by name at the writing of the grant application, provide an accurate description by title or function. Describe the type of travel cost (mileage, lodging, meals) and show the calculation for determining the total cost. For example: 2 nights of lodging at \$75 per night. Miscellaneous travel costs will not be accepted.

Administrator Travel - Travel costs associated with project administration will be allowed at the rates defined in the current Schedule of Travel Rates and will be considered in the determination of 'reasonable' administrative costs.

Air Travel - The use of commercial airlines is permitted when it is advantageous based on comparative travel costs and the time of the traveler. Justice Training Funds may not be used to purchase first-class air fare. Baggage fees and related air travel costs are allowed. The additional expenses must be detailed in the Cost Justification and Budget Detail.

Instructor Travel - Travel costs for instructors will be allowed at the rates defined in the current Schedule of Travel Rates.

Lodging Rates - The maximum daily lodging allowances for both in-state and out-of-state are indicated in the current Schedule of Travel Rates. Applicable sales or use taxes are reimbursable.

Meal Allowances - Reimbursement meals shall conform to the current Schedule of Travel Rates. The rates are not to exceed the amount listed in the schedule. Tips and taxes are non-grant funded expenses.

Trainee meals will only be allowed when training occurs both before and after the meal or the trainee is otherwise eligible for meals due to lodging.

Refreshments offered during training sessions shall be the responsibility of the training provider or grantee and will not be a grant funded expense under the grant share. Matching funds may be used to provide refreshments.

Mileage Restriction - Travel expenses shall not be charged for mileage or lodging where training occurs within 50 miles, by standard mileage charts, of the home or work site, whichever is closer. An exception may be allowed for those persons who work or reside within a radius exceeding 25 miles of the training site when a minimum of two hours of training occurs following the evening meal. Mileage is allowed at the standard rate on the current Schedule of Travel Rates.

Mileage costs between the home or work site to an airport is not an allowable expense.

Mileage costs for trainees employed by the grantee are not allowable.

Out-of-State Travel Restrictions - The expenditure of grant funds for out-of-state travel is prohibited unless the training complies with **all** of the following criteria:

- meets the definition of “Criminal Justice Education Program,”
- is necessary to obtain or maintain certification of a specialty that meets the definition of “Direct Delivery of Criminal Justice Services,”
- is not available in Michigan,
- full justification explaining the necessity of the travel and/or production of the certification standard must be detailed in the Narrative portion of the grant application,
- cannot be brought to Michigan and,
- is registered in MITN prior to the training taking place.

Parking - Reimbursement for parking charges at the most economical rate available is allowable.

Qualifying Training - The Commission will not authorize the use of Justice Training Funds for travel costs to participate in a conference, symposiums, or meetings unless the program is for the sole purpose of criminal justice training **and** offers not less than 6 hours of qualifying training within any 24-hour period. If any day of the training program qualifies, the Commission will authorize the use of Justice Training Funds for travel costs and registration. For those days that do not qualify, the Commission will not allow the expenditure of Justice Training Funds for meals and lodging. Travel days may include an extra day to and from the training site if a savings in air travel, greater than the per diem for the extra days, is achieved.

Select Cities - Specific travel rates have been established for “select” cities. The rates outlined in the Schedule of Travel Rates for these areas apply to the specified cities.

Taxi - Necessary taxicab fares between airport terminal and meeting site are allowable.

Tips - Reimbursement for tips is not allowed.

Toll Charges - Toll charges and bridge fees are allowable.

Non Grant Funded Trainee Travel – Trainee travel time is not allowed.

Supplies and Operating:

Supplies and Operating costs are for non-equipment items required for the **direct delivery** of the training program, such as thumb drives, gasoline, ammunition, or facility rental. Each cost must be itemized by program. Miscellaneous supplies, computer supplies, classroom supplies or indirect costs as a percentage of the budget total will not be accepted. Give a clear description of the item or expense, the quantity to be purchased, and the unit price. Student meals shall be listed under the Travel category.

Training Materials – The grantee understands and agrees that any award executed for the marketing or sale of a grant-funded product shall be subject to Commission approval. If, as a result of such a award, revenue is generated in excess of direct costs, the excess revenue shall be returned to the Justice Training Fund to offset the grant funds. If additional revenue is generated beyond the grant award, a royalty shall be returned to the Commission in an amount to be negotiated on a case-by-case basis.

Any training materials (e.g., printed materials or CDs) produced with funds distributed under P.A. 302 of 1982, as amended, shall contain a statement that Michigan Justice Training Funds were used to produce the training material. For example, “Produced with Michigan Justice Training Funds under MCOLES grant number [control #].”

The grantee agrees that all training manuals, CDs, computer software, and similar materials produced using Michigan Justice Training funds shall be made available to other criminal justice agencies in Michigan upon request. The grantee may charge other criminal justice agencies the reasonable direct costs incurred for reproduction and transportation of the training materials. No charges may be made for development or production of the training materials paid for with Michigan Justice Training funds.

Grant funds shall **not** be used for the duplication or dissemination of training materials produced for the grant program to individuals who did not partake in the direct delivery of the training.

A complete list of all training materials developed under this grant is to be included as a supplement to the quarterly Progress Report and, unless major costs are involved, one copy of each of the training materials shall be submitted to the Commission.

Original material may be copyrighted, but is subject to the right of the Michigan Commission on Law Enforcement Standards to reproduce and publish the materials at cost and to authorize others to do so.

An **operating expense** is a cost, generally for a service, that is required for the implementation of the training such as a range rental fee, e-learning platform subscription, or facility rental.

Overhead or operating costs shall be itemized and included in the appropriate budget category. These costs shall not be allowed as a percentage.

Rental of any applicant-owned facility or equipment is prohibited.

Equipment:

Equipment items are durable products used for the direct delivery of in-service criminal justice training that are non-expendable, intended for repeated use (such as DVD players, projectors, defensive tactics protective gear, or computer hardware), and have long-term durability with a normal useful life of more than one year. Give a clear description of the equipment item, the quantity to be purchased, and the unit price.

Disposition of Equipment - Equipment purchases approved by the Commission may be retained by the grantee agency as long as the equipment is used for the provision of in-service criminal justice training.

When equipment is no longer used for the provision of in-service criminal justice training, the grantee shall contact the Commission to request disposition. The Commission may select one of the following actions:

- Transfer of the equipment to another training program. Costs of the transportation will be borne by the receiving agency.
- Approve the sale of the equipment, with the arrangements for the sale to be made by the agency possessing the equipment. The agency will be allowed to retain 10% of the receipts from the sale; the remainder shall be returned to the Commission.
- Dispose of the property in any other manner consistent with the purposes of P.A. 302 of 1982, as amended.

Chapter 7: Program Responsibilities

Chapter Highlights

- Program Notification
- Operational Numbers
- Program Materials
- Program Evaluation
- Reschedule or Cancel Training Sessions

PROGRAM NOTIFICATION

The grantee agrees to give **prior** written notification to the Commission of grant funded training events. The grantee also agrees that Commission members and the staff may attend such training events without cost to the Commission. The release of grant funds will be contingent upon receipt of the training schedule.

The grantee agrees to provide to the Commission, in writing through the Quarterly Progress Report, the identification of all program developers and/or instructors who were not identified in the grant application. The identification of each individual and a description of his/her qualifications shall be received before grant funds will be released. Changes in instructor costs must be requested via a Grant Adjustment Request.

Both the notification of training events and the identification of program developers and/or instructors can be made in the regularly scheduled *Quarterly Reports*.

OPERATIONAL NUMBERS

The operational number is the minimum number of trainees projected for each grant funded training session/program. This number shall be specified in the application for each training session and is approved or adjusted by the Commission during the review process. Commission policy stipulates that if **documented enrollment** does not meet or exceed the minimum operational number, it is the grantee's responsibility to cancel or reschedule the training. Without prior Commission approval, through a Grant Adjustment Request, any sessions that are held with enrollment below the minimum operational number will be ineligible for grant funding.

PROGRAM MATERIALS

Training materials and products are an integral part of criminal justice in-service training programs. The production and distribution of training materials and products with grant funds must comply with the following conditions.

- All training materials, DVDs, computer software, and similar materials produced using grant funds shall contain a statement that Michigan Justice Training Funds were used to produce the material. For example, a statement such as "Produced with Michigan Justice Training Funds from the Michigan Commission on Law Enforcement Standards" may be used.
- All training materials, as mentioned above, shall be made available to other criminal justice agencies in Michigan upon request. The grantee may charge other criminal justice agencies the reasonable direct costs incurred for reproduction and transportation of the training materials. No charge may be made for development or production of the training materials paid for with Justice Training Funds.
- A complete list of all training materials developed under a grant is to be included as a supplement to the appropriate Quarterly Progress Report and, unless major costs are involved, one copy of each of the training materials shall be maintained by the grantee for future inspection/review by the Commission.

- Original material may be copyrighted, but it is subject to the right of the Michigan Commission on Law Enforcement Standards to reproduce and publish the materials at cost and to authorize others to do so.

PROGRAM EVALUATION

There are four separate evaluations required of each grant funded project. The results of these assessments shall be compiled and reported to the Commission in the quarterly *Progress Reports*.

Participant Feedback – The grantee shall design a participant evaluation form appropriate to its training program which includes, but is not limited to, the questions outlined in the sample form provided by the Commission (Appendix C). Participants in all training sessions shall complete the evaluation form. The grantee shall compile a **summary of participant responses** and submit the summary together with the appropriate quarterly *Progress Report*.

Learning – The grantee shall conduct an evaluation of the training as specified in the approved application that assesses the acquisition of knowledge and/or skills by the participants. The findings of the evaluation shall be reported to the Commission in the appropriate quarterly *Progress Report*.

Assessment (Statistics) – The grantee shall conduct an assessment of the project based on the goals of the approved application. This assessment shall be submitted with the appropriate quarterly *Progress Report* and shall include, but is not limited to, the following:

- number of training sessions planned, conducted, and cancelled;
- number of attendees projected (per session/location) and the actual number trained; and
- number of sessions rescheduled/canceled due to failure to meet minimum operational number.

Chapter 8: Reporting Requirements

Chapter Highlights

- Background
- Expenditure Reports and Requests for Funds
- Progress Reports
- Reporting Schedule
- Additional Reporting Requirements

BACKGROUND

The Commission requires grant recipients to report the results of each training program, financed in part or whole with Justice Training grant funds, in the format and in the manner prescribed by the Commission. The specific requirements, reporting periods, and submission deadlines are identified below.

Reporting forms are made available to the applicants throughout the contract period. All expenditure and progress reports shall be submitted to the Commission on these designated forms:

- **Expenditure Report**
- **Progress Report**

The expenditure and progress reports are due on the same date and shall describe grant activity and corresponding expenditures for the calendar quarter.

Required expenditure and progress reports shall be submitted on or before the specified due dates to ensure the timely release of funds. Failure to submit the required reports by the due date will result in the withholding of grant funds to the grantee agency, for **all** active grant awards until the required reports have been received and accepted. Delinquent reports from a prior grant year may result in the withholding of funds for the current grant year and will be documented for future grant requests.

The grantee understands that, when a delinquent report is past due for a period of three (3) months, the grant award will be subject to termination for noncompliance with these conditions.

EXPENDITURE REPORTS

The grantee shall submit quarterly expenditure reports to the Commission in accordance with the schedule provided below. In addition to reporting expenditures, the *Expenditure Report* is also used as the vehicle for the release of funds. These reports are due on or before the due date specified, **whether or not funds are requested**. Documentation regarding the expenditures is the responsibility of the grantee and if requested, shall be submitted in a chronological format with receipts attached to the appropriate invoices. Failure to provide detailed documentation will result in a delay or denial of reimbursement.

PROGRESS REPORTS

As a major component of the overall evaluation of a grant funded program, the grantee shall submit progress reports which outline grant activity, or lack thereof, for the specified report period in accordance with the schedule provided below. See form MJT-525 for detailed instructions.

REPORTING SCHEDULE

Reports	Report Period	Due Date
1 st Quarter Expenditure and Progress Reports	January – March	April 20, 2015
2 nd Quarter Expenditure and Progress Reports	April – June	July 20, 2015
3 rd Quarter Expenditure and Progress Reports	July – September	October 10, 2015
4 th Quarter Expenditure and Progress Reports	January – December	February 1, 2016

Sec. 3.

The commission shall do all of the following, with the assistance of the department of management and budget:

(a) Annually distribute 60% of the fund to eligible entities not including the money in the fund pursuant to section 5(2). An eligible entity receiving a distribution under this subdivision shall expend the distribution only for the in-service criminal justice training of its police officers. An eligible entity that uses money received under this subdivision shall maintain detailed records of the actual costs associated with the preparation for, the administration of, and the actual conducting of the training program. Use of money received under this subdivision for the payment of unreasonable or duplicative costs, as determined by the commission, shall result in the forfeiture of the money received by the eligible entity under this subdivision. Money distributed to an eligible entity which is not expended in the fiscal year of the distribution shall only be expended by the eligible entity for the in-service criminal justice training of its police officers in future fiscal years. An eligible entity receiving a distribution pursuant to this subdivision shall use the entire distribution for the in-service criminal justice training of its police officers within 2 years after receiving the distribution. If the eligible entity fails or refuses to use the entire distribution for the in-service criminal justice training of its police officers within 2 years after receiving the distribution, the

eligible entity shall not be eligible to receive additional distributions pursuant to this subdivision until the prior distribution is used for the in-service criminal justice training of its police officers. A distribution made under this subdivision shall serve as a supplement to, and not as a replacement for, the funds budgeted on October 12, 1982, by an eligible entity for the in-service criminal justice training of its police officers. The distribution shall be made in 2 semiannual installments on dates determined by the commission and shall be expended only for the direct costs of the in-service criminal justice training of police officers. The funds shall be distributed on a per capita basis to eligible entities based upon the number of full-time equated sworn MLEOTC certified police officers employed. Each eligible entity shall receive a minimum distribution of \$500.00. For purposes of this subdivision, the number of full-time equated sworn MLEOTC certified police officers shall be determined by dividing the total number of paid work hours actually worked by sworn MLEOTC certified police officers in the eligible entity's fiscal year by 2,080 hours, rounded down to the nearest whole number. For each year, the percentage of police officers who provide direct police service receiving training under this act shall be equal to or greater than the percentage of police officers who are in full-time administrative positions receiving training under this act.

(b) Annually distribute through a competitive grant process the balance of the fund after making the distributions required in subdivisions (a) and (d) and the expenditures required under section 2(3). In distributing money from the fund, the commission shall consider the quality and cost effectiveness of the training programs of applicants for funds and the criminal justice needs of this state. Money shall not be distributed under this subdivision to a professional association. In distributing money from the fund, the commission shall attempt to provide equity in funding for training programs for prosecutors and assigned criminal defense counsel. A state or local agency that uses money received under this subdivision shall maintain detailed records of the actual costs associated with the preparation for, the administration of, and the actual conducting of the training program. Grants under this subdivision shall be distributed only to the following:

(i) State or local agencies for the purpose of providing in-service criminal justice training programs to employees of those state or local agencies. A distribution made under this subparagraph shall serve as a supplement to, and not as a replacement for, the funds budgeted on October 12, 1982, by a state or local agency for in-service criminal justice training.

(ii) State or local agencies providing criminal justice training to the employees or the contractual service providers of other state or local agencies. As used in this subparagraph, "criminal justice training" means training which is designed and intended to enhance the direct delivery of criminal justice services by employees of state or local agencies; which is not required minimum basic training for police officers or initial training for other employees; and which is any of the following:
